

Commitment to home learning awards

At BBA we are so proud of each and every student applying all their efforts to work from home and progress independently, and we do not want these efforts to go unnoticed.

Each week, Mrs Reid (Assistant Principle and head of behaviour) will be going through work completed by students and assessing who is really going above and beyond to focus on their academic studies.

It is really important to try and stay focused on School work during these uncertain times, it can help to improve:

- Structure, time and keeping busy
- Help making progress academically
- Independent learning, if you are working from home independently and staying focused this is something to be really proud of and is an important skill to have
- Mental health, maintaining structure and making positive improvements to academic learning is a really great positive and you will benefit from this and feel good

Awards

As of April 2020, we have been giving out awards to students that have really stood out and made great progress with their home learning. A huge well done to those students. To those students that have been making huge efforts but have not yet won please continue to keep up the good work and you could win a prize soon!

Week Commencing Monday 29TH June 2020 This week's winners
