Purpose of the policy

This policy confirms that Bluecoat Beechdale Academy reserves the right to exercise discretion whether to allow food and drink in the examination room, and confirms:

- the correct procedures are followed regarding food and drink in the examination room
- appropriate arrangements are in place for the management of food and drink in the examination room

1. Food and drink in the examination room

- Food and drink is allowed in the examination room at the discretion of the head of centre (ICE 18.4)

To enable invigilators to check these items quickly and efficiently:

- food brought into the examination room by the candidate must be free of packaging and in a transparent container
- drink bottles must be transparent with all labels removed, which would include transparent, reusable plastic bottles (ICE 18.4)

The following arrangements are applied at Bluecoat Beechdale Academy:

Candidates are permitted to bring **bottled water**, in a transparent bottle that is free from labels, into the examination room.

Additional centre-specific arrangements:

- Students requiring specific food or drink to control certain medical conditions, for example diabetes, are permitted to bring these into the examination rooms, providing they are in a transparent container/bottle and are free from packaging.
