# Reception

Hi,

I am writing to you to tell you about year 7.

My time in year 7 has been a lot of fun, there are lots of different classes, great teachers and different activities. We also have enrichment classes. For enrichment class you will have many different choices. My personal favourite was Samba drumming because the teachers were nice and you have fun while you're learning to play the drums. My second favourite was Art because you get to create your own book covers so it's personal to you and shows off your own style and you get to choose who you sit with too.

We have been on a few trips too, I have been to Old Trafford twice, I got to see Manchester United play, I really enjoyed it and we got to stay up late and travel on the bus at night. We went to university as well, where we talked about different jobs and things.

Year 7 has been fun and not as scary as I thought it would be. My advice to you would be always ask for help if you need it, don't be shy when your lost or you're not sure because there is always someone to help.

Good luck  
Tia

Dear Year 6's,

Year 7 is not that bad. It's okay to feel nervous when you first start but it is great once you have settled in! When I first started I was nervous and shy but at the same time I was excited too but remember this, you have friends and everyone supporting you!

The teachers are really kind and understanding. They are funny too. My favourite lessons are drama, history and P.E because they are fun lessons. In my opinion, there is nothing bad and the school is amazing. Some advice for you is it is a big school so don't panic if you get lost, just find a friend, teacher or me.

Your kind friend,  
Dakota

To a new year 6,

I know that feeling of leaving some friends behind and going to a new school, it's alright, you will find some new friends, and I know this because this is a good school.

You will find lots in enrichment, which is activities during school on a Thursday from 2pm till 3pm, my favourite was football but they do offer lots of different activities.

My favourite lessons are history with Mr William's, drama with Ms Dee and science with both Dr Barber and Miss Smallwood. If you do get these teachers you will really enjoy the lessons (of course other teachers are just as nice).

If you have any worries or concerns you can always talk to your head of year or tutor. If you do get lost around the school there are always people willing to help so try not to worry, I know things are different for you but it will be ok.

See you next year  
From Kian
